

Respiratory Medicine MEDIA KIT 2017 Today

Written and peer reviewed by
respiratory specialists
for GPs

Respiratory Medicine Today

Backed by more than fifty years of editorial excellence...

Medicine Today (formerly *Modern Medicine*) has been continuously published in Australia since 1957. Its publishers launched *Respiratory Medicine Today* to provide a topic-specific, focused publication for GPs.

Respiratory Medicine Today delivers a dedicated environment to showcase products directly to a targeted audience.

Written and peer reviewed by multidisciplinary *Respiratory Medicine* specialists for a GP audience, the editorial content provides authoritative, practical clinical information and is commissioned following discussions with the Editorial Advisory Board and other senior consultants. All invited authors hold senior roles in their respective fields of medicine.

Respiratory Medicine Today brings the most important clinical information to the forefront of doctors' minds in a peer reviewed publication devoted to respiratory.

From the Editors-in-Chief...

What is Respiratory Medicine Today about and why does it matter to GPs?

Respiratory conditions are the most commonly managed problems in general practice and, based on Australian Bureau of Statistics 2015 data, around seven million Australians have a chronic respiratory condition.¹

We are excited to have an enthusiastic and energetic Advisory Board of respiratory physicians and GPs who will ensure you continue to be provided with a wide range of easy-to-access and up-to-date clinically relevant articles from specialists in the respiratory field. We have lofty ambitions to cover the whole respiratory spectrum, rather than just concentrating on the most common diseases. We hope you find this journal useful in your practice, and welcome your feedback and suggestions for future topics you would like to see discussed.

Editors-in-Chief and Co-Chairs of the Editorial Advisory Board, Respiratory Medicine Today

Respiratory Medicine Today

What makes up an issue of Respiratory Medicine Management Today?

Features – Peer reviewed, commissioned, in-depth reviews of practical clinical information on pain management

Perspectives – Shorter pithy articles on specific pain management issues

Case studies – Discussions of the management of cases typically presenting in general practice

Briefings – News stories from international research journals, with local commentary

What our peer review process means to you...

Providing accuracy, credibility and independence, the peer review process is an indispensable part of *Medicine Today's* editorial process. Borrowing from this proven method, every article published in *Respiratory Medicine Today* has been rigorously peer reviewed by a minimum of two expert consultants and by one general practitioner, who represents our main readership.

The reviewers provide instructive comments, suggestions and recommendations on the suitability for publication for each article. Authors receive detailed reports requesting revisions and responses to the comments before articles are accepted for publication.

The result is a consensus on each respiratory topic – meaning you can be sure your product message is delivered in the most credible, authoritative environment available to reach your target audience.

Every article is a basis for action, providing doctors with the most relevant, insightful and accurate consensus information achievable.

Single article reprints

At *Medicine Today* we know that doctors trust information from authoritative, credible and independent sources and that this influences their opinions and prescribing habits.

Single article reprints are available from all *Medicine Today* titles, including *Respiratory Medicine Today*, *Endocrinology Today*, *Cardiology Today*, *Pain Management Today* and *Paediatrics Today*.

Distribution

Delivery takes 5-10 working days from final approval. Reprints are delivered in bulk to client for their own distribution.

Advertising

FP advertising is allowed where space is available. Size of reprint can increase to include ads, where possible. Sponsor acknowledgement is on front cover, in addition to standard disclaimer at end.

Respiratory Medicine Today

Mechanical Specifications

Respiratory Medicine Today prefers ad material via Quickcut, a service provider for electronic delivery of digital files that has proven to be the most effective method of receiving and tracking your ad. As Quickcut provides the facility to check for errors, *Pain Management Today* recommends that you use this service to avoid print errors.

Material delivery

- Quickcut – visit www.quickcut.com.au for more information
- Via email (up to 15 MB only) to:
prueanderson@medicinetoday.com.au
maria@medicinetoday.com.au

Material instructions

- Publication name (*Pain Management Today*)
- Issue date
- Key number
- Ad size
- Special instruction/positioning

Electronic File Requirements (Hi-res Acrobat PDF only)

Hi-res Pdfs must be supplied with a minimum of 3 mm bleed and visible crop marks. Colour bars, crop marks and registration marks must be at least 5 mm away from trim.

CHECK LIST

Screen

- Four colour – 133 lines per inch

Colour

- Hi-res Pdfs must be supplied in CMYK
- RGB, PMS and Spot colours must be converted to process colour
- Total ink weight should not exceed 310% with a 90% black maximum

Images

- CMYK
- EPS or TIFF format
- Hi-resolution required, minimum of 300 dpi at 100% scaling
- Black and white line art, minimum 1200 dpi at 100% scaling
- All transparencies must be flattened

Booking and delivery of material:

Prue Anderson, Group Sales & Marketing Manager
Sarah Wylie, Sales Manager
Respiratory Medicine Today
Suite 3, 134 Military Road, Neutral Bay NSW 2089
PO Box 1473, Neutral Bay, NSW 2089
Telephone: 02 9908 8577
prueanderson@medicinetoday.com.au
sarahwylie@medicinetoday.com.au

Type

- Postscript fonts or outline fonts should be used – do not use TrueType fonts
- All fonts should be embedded
- All live copy must be kept 10 mm from all edges
- Any type less than 10 pt bold is not suitable for reverse printing
- Body copy text that is black should be set to 100% black, not a 4 colour makeup of black
- Solid black background areas should have an additional 30% of cyan tint to provide additional density

Proofs

- Supply a 3DAP digital colour proof of the artwork at 100%.

Note. *Respiratory Medicine Today* cannot be held responsible for colour discrepancies in print if there are inaccuracies in electronic files supplied to us or if an industry standard proof is not provided. If further technical information is required, visit: www.3dap.com.au Although the internal production process may verify that material is within specification, the onus is placed firmly on the tradehouse/sender to supply material to specification. It is also a requirement that advertising material is delivered on time so quality control measures can take place. Late material may miss these checking procedures that could pick up possible problems/errors.

Important Notes for Designers of Double Page Spreads (DPS) – Saddle Stitched

- DPS must be supplied as two single pages, left and right
- Include 3 mm bleed on all edges
- Avoid running type across the gutter
- Spacing of letters in headings or large text should clear the gutter
- All live copy must be kept at least 10 mm from outer edges

Respiratory Medicine Today

Journal Size

Trimmed size is 273 mm deep x 207 mm wide, saddle stitched.
Include 3 mm bleed on all edges.
All live copy must be kept at least 10 mm from outer edges.
